

Seafrigo, Le Havre's specialist in international food logistics, reinforces its presence in the port area

► November 2020

The Seafrigo group consolidates its position in Le Havre

- New multimodal center at the Seafrigo Logistics Park
- Construction of the new company headquarters

►► **New multimodal center at the Seafrigo Logistics Park (PLS)**

- Construction of 2 dry warehouses totalling 60.000 sqm in addition to the 16.000 sqm dedicated to frozen flows
- Development of a river dockside
- Implementation of an LNG station
- Work in progress

►► **Construction of the new company headquarters**

- Ideally located at the heart of economic and port activity - in the extension of the French Maritime Academy, *École Nationale Supérieure Maritime (ENSM)*
- Expected construction in 2022

" HAROPA is pleased to take part in the development of SEAFRIGO, historic partner of the Port of Le Havre. These private investments demonstrate the attractiveness of the Port of Le Havre and the Seine axis for logistics activity. They add up to the Port of Le Havre ambitious public investment programme for the next 5 years."

Baptiste Maurand, Managing Director of HAROPA - Port of Le Havre
